

Exceptional standards from an exceptional team

Never underestimate the disproportionate effect a small team of committed people can have because as a team, we are more than the sum of our parts. With a British Dental Association Good Practice Award under our belts as well as a hard-earned reputation and enviable levels of customer service, we are proud of our achievements.

Our practice is headed by Mr Giles Saxon (GDC 65829) who qualified from Sheffield University in 1990 and has since worked in the Sheffield and north Derbyshire areas. Giles' pursuit of continued professional development has resulted in his membership of the Faculty of Dental Practice alongside the development of additional skills in new areas of dentistry such as implantology. He is supported by a team of qualified hygienists, dental nurses and reception staff and an ongoing investment in the latest technology.

Whether you are a professional striving for a knockout smile, eager to receive gentle, thorough dental care for you and your family, or looking for restorative treatment of an exceptional standard – or all three – look no further than Aspire Dental.

Convenience

Aspire Dental lies in the heart of Chesterfield and has plenty of parking. Our practice is a ten-minute walk from Chesterfield railway station and Stagecoach buses 2, 3 and 39 stop close by. For added convenience we open at 8.30 am on Tuesdays, Wednesdays and Thursdays and until 6.00 pm, four evenings a week.

Monday and Friday: 9.00 am - 6.00 pm
Tuesday and Thursday: 8.30 am - 6.00 pm
Wednesday: 8.30 am - 2.00 pm

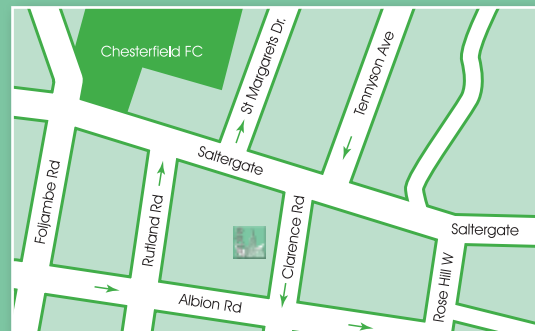

Patient satisfaction

We adhere to the General Dental Council's standards of dental care. We welcome and quickly respond to all patient feedback.

Emergencies

We understand the importance of dealing with a dental emergency as quickly as possible and set aside appointments every day specifically for patients who are in pain. If you have an urgent problem during practice hours please call us before noon and we will do our utmost to make you an appointment that day.

For emergencies during the evening, weekend or over a Bank Holiday, please call us on 01246 232 595 and listen to the recorded message, which will give you the number of our on-call dentist.

Clinical excellence – first class results

Aspire Dental

At Aspire Dental we have established a reputation for providing high-quality dental care. We're good at what we do and, more importantly, we love it. Why is this more important? Being passionate about your profession means you do a better job; you care about the result; you strive for perfection. In short, it means our patients enjoy dental care that is second to none.

Your dental wellbeing is important to us and our aim is to make sure your teeth last a lifetime. In our busy lives it can be difficult to shoehorn in regular dental appointments – but they are vital if you want to enjoy a healthy mouth, great teeth and fresh breath. To make life that little bit easier we have extended our opening hours to include early morning and early evening appointments. We are conveniently located in the heart of the town centre, with public transport on our doorstep and ample parking.

“Your dental wellbeing is important to us and our aim is to make sure your teeth last a lifetime”

Aspire Dental is a centre of excellence. Our well-established, conscientious team delivers exceptionally high standards of treatment in a reassuringly hygienic environment. The result? Continuity and trust with an unhurried, tailored and ethical approach.

Put your money where your mouth is – enjoy a smile that makes the right impact.

Professional dental care

We are a modern dental practice offering all the treatments you would expect, alongside expert restorative and cosmetic services. It may be an old saying but prevention is better than cure and we will never remove a tooth unless there really is no other option. There's nothing to rival your own teeth for bite, comfort and feel – ensure the teeth you have last for life with our superb dental care, health and hygiene advice, and gentle touch.

A healthy, comfortable mouth looks attractive, smells fresh and effectively performs all the functions you require. Our dentist, Mr Giles Saxon, is enthusiastic and passionate about what he does and his technical competence, clinical skills and in-depth understanding of the dental profession immediately puts patients at ease.

This is dentistry as it should be done – and has earned him a well-deserved reputation to which others aspire.

We accept all major credit and debit cards, cash and cheques, and offer 0% finance terms (subject to acceptance).

Fee guide

Your smile and your mouth are unique and so is our approach to your treatment. A thorough assessment is provided at every visit and our comprehensive range of options ensures you get a service specific to you. Patients can choose to pay as they go for treatment or opt to join one of our convenient dental plans, which include:

- Two dental examinations per year
- Two hygiene visits per year
- X-rays where clinically necessary
- Antibiotics where clinically necessary
- 20% discount off treatments not covered on the plan
- Worldwide Dental Trauma Insurance to protect against the cost of large unforeseen accidental damage
- Emergency Callout Insurance, should you need a dentist in an emergency anywhere in the world
- Redundancy protection for your monthly plan payments for up to 12 months.

Treatments

Health

Our patients benefit from a comprehensive hygiene therapy service. Our hygienists aim to remove bacterial plaque that builds up between visits, ridding you of the plaque that contributes to decay, gum disease and bad breath. Receive valuable advice on how to improve your oral health routine at home and find out how to use the right interdental products for your mouth.

Cosmetic

The exciting progress made in the area of cosmetic dentistry gives you the opportunity to improve your smile in subtle or truly dramatic ways. From a brighter smile to white fillings, veneers and crowns to bridges and dentures, we offer competitively priced cosmetic treatments to ensure your smile leaves a lasting and positive impression.

Implants

An implant is an artificial tooth, which looks and works like the real thing and can be used to restore your smile by permanently replacing one or more missing teeth. An artificial titanium root replaces the root of a missing tooth. Implants can restore confidence by improving your appearance and smile because when teeth are lost the jawbone shrinks, causing signs of ageing.
